

# Exhibit at IMAC-XXVIII

**It's time to place your exhibit reservation for  
IMAC-XXVIII**

## **A Conference and Exposition on Structural Dynamics**

With this year's timely new theme, *Structural Dynamics and Renewable Energy*, and an exciting technical program, we are looking forward to a very successful event!

Exhibiting at IMAC-XXVIII will allow your firm to promote your products and services, generate sales leads, network with current customers and recruit new ones. Please keep in mind that technical exhibitions bring the greatest return on your marketing dollar.

Along with the 8' x 10' exhibit space, included in the exhibit cost of just \$1,625, you will receive one complimentary conference registration along with one copy of the conference proceedings. You will receive the complete post-conference list of attendees along with a FREE 1/4 page size ad in the final program. In addition, your firm's product or service listing will be published in the IMAC-XXVIII Advance Program, in the Nov/Dec 2009 "IMAC-XXVIII SHOW ISSUE" of *Experimental Techniques* and on the SEM/IMAC Web site, [sem.org](http://sem.org).

To obtain additional information regarding this great exhibit opportunity,  
please contact **Joni Normandin** at  
[joninormandin007@aol.com](mailto:joninormandin007@aol.com) or Tel/Fax: 860-484-4387.

**IMAC-XXVIII, February 1–4, 2010  
Hyatt Regency Jacksonville – Riverfront, Jacksonville, FL USA**
